Tuomo Lampinen

Founder, Silicon Cloud Technologies LLC

Tuomo Lampinen is a software entrepreneur and an independent researcher focusing on quantitative investing and financial modeling. He's the founder of Silicon Cloud Technologies LLC and the author of Portfolio Visualizer, an online platform for quantitative investment analysis tools.

Prior to starting Silicon Cloud Technologies, Lampinen was the co-founder and CTO of Consilience Software Inc., a case management software company, which was acquired by Xerox in 2014. Tuomo received his master's in computer science from Helsinki University of Technology.
